AQUA HEALTHY as a water treatment company, We pleasure to welcome you to THE AQUA HEALTHY FAMILY, an organization that was established with the sole objective of providing pure and 100% hygienic water to its consumers,

AQUA HEALTHY focused on integrity of approach, and quality and innovation at every stage in the residential & commercial water purification process. We completely understand that pure water is a necessity, and is something that cannot be compromised on. It is this belief that made us design, manufacture and market innovative and unique residential, commercial water purifiers, post conducting a comprehensive analysis of the water purification industry.

” OBJECTIVES :-

The main objective of AQUA HEALTHY is to create a healthy population by using clean water and bringing the sense of life protection before home life.

Over 11 year have molded more than 5000 satisfied beneficiaries across Kerala.

This is the main goal of AQUA HEALTHY, to conduct new experiments in the field of water purification and to Manufacture and fit filters with the help of modern technologies without completely losing the minerals contained in the water and maintaining the minerals needed by the human body.

AQUA HEALTHY's well-equipped technical department collects the water directly from the earth's springs, tests it in the lab, prescribes the necessary filters and fits it in suitable models for the home.

Homes, hospitals, resorts, factories, and places of worship turn any type of water into clean water. Waste water from establishments is treated with PCB (POLLUTION CONTROL BOARD) approved.
